Subject: MARINE EVENT SAFETY IN PUGET SOUND

Your Marine Event Permit has been approved; the following information is provided to ensure the safety of your event participants as well as the general maritime public who may be affected by your event.

As the sponsor of a marine event you are responsible for following regulations applicable to your specific event set forth in Title 33 CFR Part 100. The sponsor should ensure that all participants are advised to comply with navigational rules. An individual or organization that violates any provisions of these regulations, or any regulations or order issued pursuant to the regulations shall be subject to penalties in those regulations pursuant to 33 USC 1236. Coast Guard approval of this event does not confer release from any ordinance or regulation imposed by local or civil authority having jurisdiction in the area concerned. If at any time, Commander, Coast Guard Sector Puget Sound deems the event unsafe or not in compliance with safety and/or environmental standards and/or stipulations, the event will be terminated.

Approval of this event by the Coast Guard does not imply endorsement of the activity or guarantee that it will be accident free. The sponsor of a marine event is completely responsible for the safe conduct of the event, including the safety of the participants, safety of spectators and transient craft in the area, and safety of real and personal property in the area. The sponsor's responsibility also includes preparations, such as instructions to and qualification of participants, safety equipment inspections, rescue and first aid facilities, control of activities, removal of obstructions or menaces to navigation, and the placing and retrieving of course markers. The Coast Guard takes no part in performing functions, which are solely for the protection of the participants and assumes no responsibility in this regard. Participants should be adequately briefed and their boats equipped as required by law.

To enhance the safety of the event, it is requested that the sponsor notify Coast Guard Vessel Traffic (VTS) Service Puget Sound (Seattle Traffic) at least one hour prior to, and upon conclusion of the event via phone at (206) 217-6152 or via VHF radio communication. When using radio communications, Channel 5A should be used when north of a line from Bush Point to Nodule Point in Admiralty Inlet, and/or east of Whidbey Island, and Channel 14 when south of these demarcation lines. In the event that VTS forecasts a significant navigation safety conflict between Marine Event participants and scheduled commercial traffic, a delay in the start time may be required. In more extreme cases such as a large pollution incident or marine casualty, a Marine Event may need to be canceled.

The sponsor of a marine event must provide a patrol as indicated in the application as safety vessels. Any accident involving property, damage, personal injury or death should be reported to the appropriate authorities and Coast Guard Sector Puget Sound by VHF-FM Channel 16 or by calling the Joint Harbor Operations Center at (206) 217-6001.

The sponsor should ensure event participants are informed that if the event occurs in a Narrow Channel or Fairway, Rule 9 applies, and participants may not impede the passage of a vessel which can safely navigate only within a narrow channel or fairway. Additionally any vessel shall, if the circumstances of the case admit, avoid anchoring in a narrow channel. If the event occurs in or near a Traffic Separation Scheme, Rule 10 applies, and participants are to be informed that they may not impede the passage of any power-driven vessel following a traffic lane.

The sponsor of a marine event is responsible for taking appropriate steps for containment and cleanup of any spills. Fuel, oil, solid, human waste or other polluting substances should be handled away from the water whenever possible, and any spilled substance or residue shall be completely cleaned before a participant reenters the water. Any polluting substance spilled into the water must be reported to the Coast Guard immediately by calling the National Response Center at (800) 424-8802 or Sector Puget Sound Joint Harbor Operations Center at (206) 217-6001.

If your event is a marine fireworks display, the fireworks display should be conducted in accordance with the guidance of Navigation and Vessel Inspection Circular (NVIC) 7-02, "Marine Safety at Fireworks Displays." NVIC 7-02 has been established to provide guidance on outdoor fireworks displays from vessels and floating platforms on navigable waters of the United States. The fireworks displays should meet the requirements of National Fire Protection Association (NFPA) 1123, Code for Fireworks Display. The U.S. Coast Guard reserves the right to inspect the site of the fireworks display prior to its commencement. The event sponsor will be notified if this will be an inspected event.

Sincerely,

C. D. Sullivan

Mr. Shanks,

Revisions have taken place to the U.S. Coast Guard policy for permitting "marine events." According to the new policy, this particular marine event does not require a Marine Event Permit. USCG Sector Puget Sound is issuing a Letter of No Action. Although this event does not constitute permitting, you should continue to submit marine event applications in the future as the Coast Guard closely monitors all marine events in the interest of maintaining the Coast Guard's marine stewardship and safe vessel monitoring. Please read this letter thoroughly and contact the Waterways Management Division with any questions.

You are reminded that, while no Coast Guard permit is required, your event still needs to comply with applicable state, county, or city requirements. It is possible that your event will require permits from other authorities. You must comply with all existing Federal, State, and local laws and other requirements that may impact your ability to hold your event as proposed. You should take appropriate action to ensure compliance with all such requirements prior to holding your event.

## Planning Meeting

Sequim Bay Yacht Club

April 14, 2017

### Plans and Key Decisions

#### How do we coordinate the Open House and Opening Day? Time Schedule?

Open House activities and boat rides. AM or PM and participation in the parade.

Open House will begin a bit earlier at 9:30. Publicity will be developed by Dale Dunning. Dale volunteered to coordinate activities with Go Expeditions and to recruit skippers and Flying Scot sailing dinghies for the morning sail rides. Dennis Miller volunteered to organize and staff the rowing opportunities for guests. The Opening Day Schedule will be delayed by half an hour but will follow the same format as last year. **Done**

It was also suggested that we have brochures to describe the Learn to Sail and Learn to Row programs.

1. Catered meal or potluck? Combination? Price?

How do we cover the cost of the room and or other expenses

It was the recommendation of the group that we again charge \$15 to cover the cost of the room and other expenses. SBYC will provide a main dish, and attendees will be asked to bring a side dish or dessert. **Done**

Coast Guard Approval – Already filed **Done**

Flag Ship: **Malaika**

Parade Captain: **Bob McClinton**

The parade will be similar to years past. In order to include the rowers in the parade, Dennis Miller suggested that we make two lines, (sail and power

boats) in the parade and have the rowers race down between the two rows of boats. Dennis will work out the details. Bob also volunteered to contact a possible piper for the event. (Unfortunately due to an injury, he will not be able to play for us on the 7<sup>th</sup>.) (Mary and Durkee will further research and try to find a piper.

1. I think it would be a good idea for Dennis to contact Bob McClinton and work out how the rowers will participate in the parade.
2. A piper has been booked by Janet Clark. \$200. Need someone to contact Janet and talk to the piper about when and what he will play and the amount of time he will play.

## 2. Flag Pole Ceremonies

Commissioning of the Club: Burgee: Bud Harris, PC has agreed to perform the ceremony. Done

Last Call: Those who have passed away this year: Jim Jones, PC will do this again this year. I need someone who will help Jim put together a list.

Photographer: Need someone to contact Anna Vanderspek and see if she would be available to take pictures. Doug will be tending bar part of the time, so will need an extra person.

Piper: Durkee and Mary Jean will research Already discussed.

Social Hour: Need some help. Mary will gather some more help

Mary sent around a list and I have added the following names:

Open House

Roger and Janet Clark

Marcia and Fritz

Torben

Randy

## Afternoon Volunteers

Chris Coolures

Soren Pripp

Roger and Jane Clark

Mike and Lisa Imming

Ray and Glenda Mitchell

Decorations: **Need some help.** Still need more help

**Need a lead person for this. We can get help from people in the lists above.**

**Lead person?**

Snacks for early morning: **Jan Jones will be in charge of making coffee and bringing coffee cake etc. for those coming early. Ann Elliot also volunteered to help bake. Done**

Bar Tenders- **Margaret and Doug said they would help. We need at least one other couple so Doug and Margaret would not be behind the bar the whole time. Think I have Dan Currier to help. One more?**

Blessing of the Fleet: **No response yet. Made two phone calls and an email. Should we ask Lewis Godby?**

Meal Preparation: **Need volunteers Mary promised to help guide me through this. I will need someone to call and recruit a bunch of people to watch for things that need to be refrigerated, kept warm, etc.**

Table Settings – **Do we use paper or china? It was decided that we would use paper plates and the club silver. Club napkins and tablecloths will be used. Done**

Food handlers: **Mark Lewis has a food handlers permit. Suggestions on how to set up tables? Perhaps have someone serve meat and everything else serve yourself.**

Dish Washer- Not necessary. Utensils will be taken home to wash and return to the club.

Reservation table- Jack and Nancy Day

Do we need to do name tags for the tables or just have everyone use the "sticky" tags?

Set up crew – Committee and others who volunteer. We hope to get in the night before to do the setup, but may have to do it early in the morning on Saturday. Do we need to get names?

Greeters- Jack and Nancy Day. They will need to be seated at the registration table.

3. Entertainment: Have in the past asked Irrigation Festival Court to attend. Last couple of years they had conflicts. Judy will ask the court to attend. Ann Elliot will check on other possible entertainment. Ann? When should they play. Angie will play her steel drums. I have made two calls to Irrigation People with no response. ???

4. Locate cannon or shotgun (loud signaling device) – Ted asked Fritz and he agreed,

5. Invitations to honored guests and hosts in case they would like to ride  
Using the invitation list from last year as a guide, invitations will be extended. (If you have any ideas of whom we should invite, let us know.)  
Done

Need to get coverage by the local press. Dale made a great poster and Durkee the list of events. Jim Jones sent a notice to the newspapers. Any ideas on how to distribute these?

What have we forgotten? We really need to get new folks involved. How do we do this without overwhelming them?

Hi Judy

Here is my summary from 2016 of invited guests. Also, at the end of this note, I have attached a word file that contains my invitation letter to the Fire Chief. It was formatted so that it would print correctly on the club's letter-head stationary. (If you don't have any, then check with our Secretary to get a stock.)

My invites to PA~~YC~~YC and PLYC were via e-mail. I'll be glad to send invites to those clubs again this year as a representative of the event planning team.

Durkee

Note that we have invited Tanya Kerr, Property Manager for the Port as well as Commissioner McAleer. Tanya did attend in 2015 and enjoyed her time with us.

Judy-

You can contact Michael Dashiell at editor@sequimgazette.com. I will include him on this email to help you to get in touch.

The Gazette has always been supportive of local events so hopefully there will be someone available for the Opening Day, which I think is 7 May. We will be flying in from Philly on that day so will not be able to participate.

## Dinner Procedures

Opening Day

May 7, 2017

### Announcement to be seated

Welcome: I want to thank you for joining us today. I hope you have had as much fun as I did taking part in all the day's activities. Thanks for bringing all the great food to share!

SBYC was formed in 1976. It grew out of a few determined boaters in Sequim who conceived the idea of the club while rafted up out in the islands so many years ago. We thank them for the foresight to develop the club that we use today. We are pleased that we have had many new people join us this year for a variety of activities. At this time, would all the past commodores of Sequim Bay Yacht Club rise and be recognized for their years of service to our club?

### Introduction of Guests

I would like to thank once more our guests, Commodore McQuarrie from Port Ludlow Yacht Club, Bill Benedict, Sheriff of Clallam County, Ron Amundsen Harbormaster(?) Would anyone else like to introduce a guest?

Dismiss Tables Start with tables where guests are seated.

## **Thank Yous- After Dinner**

Did everyone have a good meal? As you all know, events like this do not happen without a lot of hard work. I would like to thank Durkee and Mary Jeanne and my wife, Judy Shanks who with lots of support from their group of planners and workers made today happen. Would you all stand if you worked on this committee or did one of the various jobs today to make the Open House and Opening Day such a fun day? Please join with me in giving them a round of applause.

I would like to recognize Admiral Bob McClinton who gives his time and talents every year to organize and lead the Opening Day parade on the bay.

Thanks to Rev. Maggie Raiswell, (who could not join us for dinner due to other obligations) Fritz Gruetzmacher, Bud Harris, Jim Jones and Vice Commodore Jim Fitzpatrick, our Piper Rick McKenzie who all helped at the flagpole.

Our great Open House this morning featured both rowers and sailors. I would like to recognize Dale Dunning who headed up the sailing demonstrations and Dennis Miller who organized the rowing demonstrations. Thanks to all the folks who were down there helping in both of these programs who worked hard to show the public of all the opportunities here at SBYC.

## **Entertainment**

Sequim Bay Yacht Club was so pleased and lucky to induct a new member into our club last year who is a wonderful musician who will

entertain us this evening. It is my pleasure to introduce SBYC member Angie Tabor and her band, the Caribe Steel Band. Angie?
